

CE3

Code Encryptor 3 Receiver and Two Remote Kit

Resideo's Street Smart Series Code Encryptor 3 (CE3) is the best universal remote kit in the industry. It is ideal for systems that just need remotes. The CE3 provides AWAY, STAY and OFF with the touch of a button. It also offers PANIC with a two-button press, all through the data bus. For added convenience, a tricolor LED status light and plate is included to visually alert the user of the status of the keypad.

Features & Benefits

- **New sleek remote** designed to fit comfortably in hand
- **Tricolor LED status** light confirms status of panel including ALARM
- **All-in-one compatibility** one part number compatible with DSC, ADEMCO, Caddx NX and NAPCO
